

### MEMBER FINANCE AGREEMENT

Eba Capital is a registered Savings & Credit organisation which plays the part of sourcing those with capital and connecting them with those in need of capital. Our unique products such as Secured Finance provides our members with an opportunity to lend money to other members at an interest between 10-25%, while the borrowing members provide their assets as security. Assets such as vehicles will be evaluated and stored at Capital Auctioneers. When a member fails to repay the loan provided, their vehicle or asset provided as security for the loan will be auctioned off to recover the loaned amount including the interest due
